A QUARTERLY UPDATE ON THE LATEST HAPPENINGS AT MUTHOOT GROUP

VOL XVIII / ISSUE #4/DEC 15

Chairman's Message

From Corporate Growth to Corporate Social Consciousness

At the outset, I would like to thank you all for standing by and strengthening the organization through your valued contribution in the year gone by. I would also like to take this opportunity to wish you all a very Happy New Year 2016. In the new year, let us make an earnest resolve to achieve greater heights through consistent efforts towards excellence. Together, let us move ahead by making a good beginning. As I look back, I am happy to announce that Muthoot Finance registered an increased net profit at Rs.174 crore for the quarter ended September 2015 as against Rs.171 crore in the same quarter in the previous year. There has been acceleration in Retail Loans, which have recorded an increase of Rs.464 crore at 2% during the quarter and Rs.3071 crore at 14% during the last 12 months.

Our Sri Lankan subsidiary, Asset Asia Finance Plc, too has made considerable increase in the lending portfolio. The loan portfolio has grown by 52% as on 30 September 2015. Muthoot Finance is acquiring 100% equity shares of Muthoot Insurance Brokers Private Limited (MIBPL), an entity licensed by IRDA to act as Direct Broker since 2013, at a purchase value of Rs.20 crore, subject to regulatory approvals. MIBPL is active in the business of selling Life and Health insurance policies. On a separate note, we at The Muthoot Group have undertaken a tireless struggle to help eliminate the growing suffering around us. Our efforts emanate from our genuine compassion for the society that we live in. It is an expression of our way to thank the Almighty for being so kind to us that we can help others in the hour of need and bring hope in their lives.

Living this value, Muthoot Finance has funded the renovation of the burns unit at the District General Hospital, Ernakulam such that the ward for burns has now become a sophisticated personalized patient care unit where each bed is a private area. This is an initiative aimed at transforming healthcare at the District General Hospital. Being conscious that 1 in every 1075 Indian children is born with cleft lip and palate deformity and that they are all awaiting life changing surgery, the Muthoot M George Foundation is providing free cleft lip & palate surgeries to bring back smiles to affected children. It is our mandate to spread awareness on this problem and also educate people that an early surgical intervention can safely correct this defect. The 'Cleft Initiative' is a ray of hope to impoverished patients by providing them with free treatment. Free surgeries will be sponsored for children below poverty line, at Kumaran Hospital, Chennai.

We also extended our heartfelt support to help Chennai flood victims with relief and rehabilitation efforts in the aftermath of the recent flooding. The Muthoot M George Foundation distributed three truckloads of food parcels, thousands of litres of fresh drinking water, blankets, sleeping mats and other emergency supplies to the people of Chennai, affected by this dreadful natural calamity.

Further, we have also introduced Muthoot M George Excellence Award and Cash Prize at Government Schools of Andhra Pradesh. The scholarship will be awarded to 200 toppers in Class 10 across government schools in Andhra Pradesh. This is an attempt to encourage the children from the deprived classes, who constitute the main student population of Government schools, and offer them support to help them grow and prosper in life. This initiative has also been extended across 1000 Government Schools from 14 districts in Kerala.

I would conclude with an appeal for all of us to come together and strive towards building a great organization, a great nation and a great world on the firm foundation of unity, equality and humanity.

Muthoot Finance adds features to 'Muthoot WebPay'

Muthoot Finance has introduced yet another customer-friendly feature for its gold loans. The 'Muthoot WebPay', initiative which was launched early this year has added host of other services to it. In addition to payment of interest, a customer can now repay part of the principal and also EMI online, through the website of Muthoot Finance (www.muthootfinance.com). This will help the customer save time and expenses from going to the branch and paying the amount. The website will enable the customer to view the details of his gold loan, including interest due. The customers who had taken loan on EMI basis will find this service more convenient as the EMI amount can be paid on the due date itself. We currently have hundred thousand customers who are using the online platform for interest payment facility. With these technology friendly features, we expect more customers to avail these services. Customers will not be required to pay any additional charges online for using this facility.
