A QUARTERLY UPDATE ON THE LATEST HAPPENINGS AT MUTHOOT GROUP

VOL XVIII / ISSUE #3/SEPT 16

FOR PRIVATE CIRCULATION ONLY

Chairman's Message

Let us transform the 'present' to pave the way for a brighter 'Tomorrow'!

It is often stated that 'attitude determines one's altitude'! This observation is indeed pertinent for it is only an indefatigable commitment to self-improvement and a spirit to challenge the unchallenged that achieves positive results. Persistent efforts backed by a strong action of rising up to achieve greater heights are the essentials for moving towards progress. I accordingly urge each one of you to remember, that it is the present that counts towards building a brighter future. We thus need to raise the existing bars of our performance to greater levels of achievement. It is only then that we can achieve even the seemingly impossible. I take this opportunity to showcase as to how we rode our strengths and fared in our business processes in the recent months. I am humbly proud to announce a 48% increase in the net profit of Muthoot Finance that stands at Rs. 270 crore for the quarter ended June 2016. This is in comparison to Rs. 183 crore same quarter last year. Retail loans too have seen an increase by Rs. 1481 crore during the quarter as against Rs. 1000 crore last year. This refers to an increase in growth rate of 48%. Assets Under Management have increased by 6% at Rs. 25,860 crore at the end of June 2016 in contrast to Rs. 24,409 crore last year.

CRISIL has upgraded long-term debt rating of Muthoot Finance from 'AA-/STABLE' to 'AA/STABLE'. Under short term debt rating, Muthoot Finance already has highest rating under that category from ICRA with 'A1+' rating. Long-term debt rating covers debt instruments of above one year. Short term debt rating covers debt instruments of up to one year. This is indeed creditable as 'A1+' rating implies that 'Instruments with this rating are considered to have very strong degree of safety regarding timely payment of financial obligations and carry lowest credit risk'. CRISIL in its rating rationale has stated that 'The upgrade reflects the resilient business risk profile of Muthoot Finance as demonstrated during the past few years during which the gold loan sector went through challenging times, and the company's strong earnings profile. The rating upgrade also factors in a stable operating environment with an established regulatory regime.' Further, Muthoot Finance completed the acquisition of Muthoot Insurance Brokers Pvt Ltd., an IRDA registered Direct Broker in insurance products, as a wholly owned subsidiary. Asia Asset Finance Plc, our subsidiary company in Sri Lanka also witnessed an increase in its loan portfolio by 50%. In the microfinance business, with a fresh capital investment of Rs. 40 crore, we have upped our stakes in Belstar Investment and Finance Private Limited (BIFPL). Today we hold 46.83% stake in the company. Muthoot Homefin, with its focus on affordable

housing increased its loan portfolio by Rs. 14 crore there by establishing its credentials. This is testimony to an increase in profitability and business growth and can be attributed to total revamp in collection mechanism, structural changes in operations and improved customer sentiment due to better practices. As a corporate social drive initiative, Muthoot Finance guided the renovation work of the Eye Care Block of The General Hospital, Ernakulam. With this, patients coming for ophthalmological care in the hospital are assured of better facilities and care.

I would like to emphasize that in today's dynamic business landscape, it is imperative that we are aware of the changes occurring in the ecosystem and adjust our business strategies accordingly. We, as leaders, must not only do our job with utmost sincerity and passion, but also keep learning and reinventing ourselves. Success depends on our ability to tackle the NOW and the present for it is the strong foundations of the present that will become the foundation for a strong tomorrow.

Best Wishes,

M. G. George Muthoot
Chairman

Award For Paul George Global School, New Delhi (PGGS)

Paul George Global School has been recognised and awarded for 'Effective Partnership with Parents' by Best Practices and Innovation in Early Childhood Education (Delhi) at the Second International Early Childhood Conference held recently in Delhi.

This is a great achievement for PGGS especially since the recognition has come in just the second academic year after the inception of the school. As PGGS competes with over 150 schools in Delhi, the award recognises the school's unique and path-breaking initiative that combines the conventional Parent Teachers Association (PTA) meets with a reverse format of teachers' visits to the students' homes. Through this initiative, the school has successfully established greater synergies between the parents, teachers and the children.

This accolade is an acknowledgement of the sincere and dedicated efforts of the Principal, Teachers, Non-Teaching and Administrative staff of the school to make the Paul George Global School the New Best School of India.

CRISIL & ICRA Upgrades Muthoot Finance Long Term Debt Rating

CRISIL has upgraded long term debt rating of Muthoot Finance from AA-/STABLE to AA/ Stable. Long term debt rating covers debt instruments of above one year whereas short term debt rating is for debt instruments of up to one year. Under CRISIL rating scale, AA rating will fall under 'High Safety' category and carries very low credit risk. Under short term debt rating, Muthoot Finance already has highest rating from CRISIL with A1+ rating which is considered to have very strong degree of safety and carries lowest credit risk.

ICRA has upgraded long term debt rating of Muthoot Finance from "AA-/STABLE" TO "AA/STABLE". Long term debt rating covers debt instruments of above one year. Short term debt rating covers debt instruments of upto one year.

Under ICRA rating scale, "AA" rating carries a meaning "Instruments with this rating are considered to have high degree of safety regarding timely servicing of financial obligations. Such instruments carry very low credit risk." ICRA may apply '+' (plus) or '-' (minus) sign to this rating to indicate their relative position within the category.

By this upgrade, the definition of ICRA rated long term debt instruments will change from "AA-" to "AA" which indicates positive change in comparative standing within 'AA' rated category.

Under short term debt rating, Muthoot Finance already has highest rating under that category from ICRA with "A1+" rating which carries a meaning "Instruments with this rating are considered to have very strong degree of safety regarding timely payment of financial obligations. Such instruments carry lowest credit risk".
