ANNUAL REPORT

MUTHOOT FINANCE LIMITED

Forward-looking Statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements – written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

Our Promoters - the Muthoot Group*

Founded in 1887, the Muthoot Group started as a small trading business enterprise in Kozhencherry, a remote village in Kerala. Over the years, the Group has become a diversified business house with presence in financial services, plantations and estates, education, leisure and hospitality, healthcare, housing and infrastructure, infotech, wealth management, money transfer, forex, media, power generation, precious metals, securities, vehicle and asset finance, and travel services, among others. Also, the Group has expanded its reach and broadened its scope through these years.

*(refers to entities promoted by Mr. M.G. George Muthoot, Mr. George Thomas Muthoot, Mr. George Jacob Muthoot and Mr. George Alexander Muthoot, operating under the brand name "The Muthoot Group")

*Tribute to the
visionary*

Our founder, Shri M George Muthoot, envisioned the prospects of gold loan in India long back in 1939. His deep business insight and strong vision helped transform India's gold loan business. Guided by his values, we have strengthened our reputation over the years and established ourselves as a trusted pan-India brand.

*Unchanging values...
...in changing times*

“Let us not judge ourselves by the profit we make but by the trust and the confidence that people have in us. Let us cherish and nurture that trust and ensure that every person who deals with us, deals with the confidence that he will not be misguided but his interests will be carefully protected.”

- Late Shri. M. George Muthoot

A growing economy with a huge aspirational population is creating more and more opportunities for us. At the same time, technology is quietly changing the rules of the game, providing more diversity and convenience to the consumer.

At Muthoot, we are expanding the scale and scope of the business at a time of interesting change. And the year gone by, saw us continue our rich tradition of value creation by implementing multiple initiatives.

During the year, we strengthened our position as one of the most preferred and trusted gold loan players in the markets we serve. We further continued to grow our portfolio of non-gold businesses - home finance, microfinance and insurance - to enhance our business diversity.

While conventional marketing continued to be our primary area of focus, we also deepened our digital footprint to reach more customers across key markets.

Our role is to connect the aspirations of New India with emerging opportunities, which will take the country to a new trajectory of growth.

*And help us
deliver on our
stakeholder
commitments.*

Delivering on evolving aspirations

Our story dates back to over seven decades. It began when M George Muthoot founded a gold loan business in 1939 under the heritage of a trading business established by his father, Ninan Mathai Muthoot, in 1887.

Today, we are India's largest gold financing company in terms of loan portfolio. We are a reputed 'Systemically Important Non-deposit taking NBFC'. As part of our core business, we provide personal and business loans secured by gold jewellery, or gold loans.

We primarily cater to individuals who possess gold jewellery, but cannot access formal credit within a reasonable time, or for whom credit may not be available at all. We help our customers meet unanticipated or other short-term liquidity requirements.

Our decades-rich experience and expertise inspire trust and customer loyalty. Our core banking solution connects all branches to a central server on a real-time basis. This ensures enhanced control, scalability, faster response to meet evolving customer needs.

CORE VALUES

We take pride in our strong foundation, which is deeply rooted in the following pillars

Ethics

Our main aim is to put the needs of the customer first before anything else. We strive to provide you with the best quality of service under the Muthoot Brand Umbrella and we do the same with a smile.

Values

Accountability for all our operations and services and towards the society makes us a socially responsible and intelligent citizen. Our empire has grown leaps and bounds on the basis of these values. The times may change, but our values will remain unchanged.

Reliability

With an unblemished track record throughout the markets we serve; and across national as well as global boundaries, Muthoot Finance values its commitment to customer-service.

Dependability

We do not judge ourselves by the profit we make but by the trust and confidence that people have shown in us for the past 130 years. Over 7 million

people have turned to us for help in their hour of need just because of this guiding principal of ours.

Trustworthiness

We pledge loyalty in our operations, fairness in our dealings and openness in our practices. At Muthoot Finance Ltd., we embrace policies and practices that fortify trust.

Integrity

The value is innate to a corruption-free atmosphere and an open work culture. We at Muthoot Finance Ltd. therefore cultivate transparency as a work ethic.

Goodwill

Muthoot Finance serves more than 7 million customers across the country. We serve over 1,30,000 customers each day to our customer base. With an unmatched goodwill, the Company shoulders the responsibility of providing its customers services of the highest quality.

BIFPL's operations span across four states - in Tamil Nadu, Karnataka, Madhya Pradesh, and Maharashtra, and one union territory - Puducherry. It has carved a niche for itself in the microfinance arena by focusing on the following areas during 2016-17:

- Facilitated access to microenterprise loans, education loans and consumer goods loans
- Covered underserved regions with a focus on financial literacy and skill training through self-help group (SHG) and joint-liability group (JLG) lending models
- Introduced cashless channels of disbursement, such as pre-paid cards and direct credit to bank accounts
- Reduced vulnerability by offering insurance services

Belstar was awarded by ACCESS-ASSIST as the best Micro Finance Institution (MFI) under the 'small category'.

Chairman's Communique

Despite challenges, our overall results in FY17 were robust. Our revenues grew by 18%, from ₹ 4875 Crores in FY16 to ₹ 5747 Crores in FY17.

DEAR SHAREHOLDERS,

India's economy continued to grow attractively amid a sluggish and fragile global economic landscape in FY 2016-17. The GDP grew by 7.2%, despite several national and international challenges. The government is implementing radical reforms to make India's economic growth more inclusive and sustainable. One such bold reform is the implementation of the goods and services tax (GST). Apart from unifying the segregated markets of India, GST is expected to improve the country's indirect tax system. Other government initiatives are also helping strengthen the economy in different ways.

India's financial sector is maturing to keep pace with the country's economic progress. It is a diverse industry that consists of various financial entities including non-banking finance companies (NBFCs). NBFCs like us play a vital role in expanding financial inclusion by complementing the banking sector - and provide credit solutions to the unbanked segments of society, especially to the small enterprises. The NBFC sector has come to be recognised as a significant component of the financial system and has shown consistent growth - a compound annual growth rate (CAGR) of ~19% over the past few years.

CONNECTING - ASPIRATIONS & OPPORTUNITIES

As India's largest gold financing company, we are increasingly creating opportunities for millions of people to achieve their aspirations. Since inception, we have

helped transform India's gold banking system and today, we are a trusted pan-India brand in this segment.

However, we believe that our journey has just commenced; and we are keen to grow as a brand that offers various products and services to a wide cross-section of customers.

At the same time, we are catering to different financial requirements of our existing and potential customers in other segments of financial services business. Going forward, our objective will be to connect aspirations and opportunities to help shape a happier and prosperous India.

PERFORMANCE IN FY17

Despite challenges, our overall results in FY17 were robust. Our revenues grew by 18%, from ₹ 4875 Crores in FY16 to ₹ 5747 Crores in FY17. Our net profit increased by 46% to ₹ 1180 Crores in FY17 from ₹ 810 Crores in FY16. Besides, our loans under management increased from ₹ 24379 Crores in FY16 to ₹ 27278 Crores in FY17, recording an increase of 12%. In addition, our branch network increased to 4307 branches spread across India in 29 states and union territories.

Moreover, our subsidiaries contributed to about 5% of our group assets.

In FY17, we increased our stake in Belstar Investment and Finance Private Limited (BIFPL) to 64.60%, thereby making it a subsidiary. BIFPL grew its loan portfolio by 114% at ₹ 567 Crores. It achieved a profit after tax (PAT) of ₹ 10 Crores during the year vis-à-vis PAT of ₹ 6 Crores in FY16. Its gross and net non-performing assets (NPAs) were 0.09% and 0.02%, respectively as on 31st March, 2017.

We acquired 100% stake in Muthoot Insurance Brokers Private Limited

(MIBPL), an IRDA registered direct broker in insurance products, in FY17, making it as a wholly/owned subsidiary. It generated a first-year premium collection of ₹ 70 Crores in FY17 as against ₹ 48 Crores in FY16.

Further, we increased our shareholding in the housing finance company - Muthoot Homefin (India) Ltd from 79% to 88.27%. During the year, its loan portfolio increased by ₹ 409 Crores to touch ₹ 441 Crores. Total revenue for FY17 stood at ₹ 24 Crores vis-à-vis ₹ 2 Crores in FY16. It achieved a PAT of ₹ 2.87 Crores during the FY17.

During FY17, we augmented our shareholding in the Sri Lankan subsidiary - Asia Asset Finance PLC. It improved its loan portfolio by 23% at ₹ 369 Crores in the year under review. Total revenue for FY17 stood at ₹ 97 Crores, compared to total revenue of ₹ 66 Crores in FY16. It generated a PAT of ₹ 13 Crores in FY17.

These ventures have enabled us diversify our product offerings to cater to various customer needs. These developments have enabled us to derive synergies beneficial for the Company's long-term prospects.

CREDIT RATING

'AA/Stable' long-term credit rating from CRISIL and ICRA demonstrates our consistent performance over the years. Moreover, under short-term debt rating, we already have the highest rating of A1+ from CRISIL and ICRA, which indicates lowest credit risk. These ratings will enable us to draw better rates from financial institutions, reducing our cost of borrowing. This will eventually let us provide loans at more competitive rates.

TEAM MUTHOOT

At Muthoot, our people are our biggest asset. In the year under review, we

concentrated on building a stronger team with enhanced capabilities through trainings. Our HR policies are aimed at balancing business needs, and the requirements and concerns of our people. Besides, Muthoot Management Academy trains and develops our people, cultivating leadership qualities. We have a rewards and recognition programme that motivates our team to deliver outcomes.

COMMUNITY CARE

For us, community care is an essential part of our sustainability strategy. As a responsible organisation, we conduct our business to enhance community lives around us. We believe in providing inclusive growth through community development initiatives that will lead to social prosperity. We deliver our community care with the help of our corporate responsibility arm, 'Muthoot M George Foundation'.

We believe the road ahead of us will require consistent innovation and technology upgradation to stay ahead of the curve. Going forward, we are devising strategies to enhance our products, services and revenues, while increasing contributions of our subsidiaries to our group assets. Further, we will continue to expand our operations nationally and internationally, empowering masses across the social spectrum and adding stakeholder value.

Before I conclude, I want to thank all our stakeholders on behalf of the Muthoot team for supporting our journey and vision.

Warm regards,

M. G. George Muthoot
Chairman

Widening our digital outreach

As India witnesses a digital transformation across every facet of its economy, at Muthoot, we are consistently introducing or upgrading our digital tools to enhance our business. Technology-based interventions and digitalisation help us cater to a wider market and enhance our customer experience.

E-KYC

To facilitate easier compliance to KYC norms by customers, we launched 'e-KYC facility'. It is a customer-friendly and convenient digital KYC process based on Aadhaar with direct UIDAI link. The verification procedure is conducted by using customers' fingerprints. This paperless and highly secure system enables faster loan processing and ensures 100% integrity in KYC verification. We are the first 'Gold Loan NBFC' to introduce this facility, with over 50% adoption rate in the first rollout. Today, we offer our e-KYC facility at 3,702 branches and 86% of the new verifications are completed through e-KYC. Besides, we are planning to implement the e-Sign facility by August 2017.

ONLINE GOLD LOAN (OGL)

Our Online Gold Loan (OGL) service is one of our major digital interventions. OGL helps customers meet their urgent loan requirement at any place and anytime. The loan amount they seek gets directly credited to their bank accounts. They even have the flexibility to repay online. Under this model, loan customers get disbursal on the basis of the value of gold they pledge at our branch beforehand.

MUTHOOT ONLINE (WEBPAY)

We have aligned Muthoot with digital transactions mode by introducing our online transaction platform – Muthoot Online (WebPay). It enables customers to carry out all their gold loan related transactions 24x7 from the comfort of their home on their internet-enabled devices. This facility is available on our website muthootfinance.com. Muthoot Online (WebPay) offers

multiple payment options, including debit cards, online banking, prepaid cards, and mobile wallets, among others. It has already completed over 1 million successful transactions, which reflects its acceptability among customers.

GOLD CASH CARD (GCC)

We are the only gold loan NBFC to offer Gold Cash Card (GCC), which is a unique concept of cashless loan disbursement using cards. The loan amount is disbursed through VISA cards, which customers use according to their requirements at any merchant outlet, e-commerce websites or any VISA-enabled Point of Sale (PoS). The GCC can also be used to withdraw cash from ATMs. Bank accounts are not required for the issuance of this card.

DIRECT CREDIT FACILITY

Through our direct credit facility, we transfer loan amounts directly to our customers' bank accounts. We employ various online banking services like National Electronic Funds Transfer (NEFT), Real Time Gross Settlement (RTGS) and Immediate Payment Service (IMPS). This reduces handling of cash and instantaneous credit to bank accounts.

POS TERMINALS

Point of Sale (PoS) terminals or card swiping machines are installed at our branches to facilitate cashless collection of interests. We accept all debit cards issued by banks; and the swiping charges for interest payments were waived off during demonetisation. Currently, 36% of our branches are installed with these machines, and we plan to roll out the same in all our branches by December 2017.

iMUTHOOT - MOBILE APP

We developed a new mobile application called iMuthoot that allows customers to transact through their smartphones. This is our major initiative towards building a branch-less banking ecosystem for our customers. The

app is available on Google Play and Apple Store. iMuthoot allows existing customers to view their loan statements and balance as well as Online Gold Loan facility. New customers can see our latest loan schemes, calculate loan eligibility, locate branches and fix appointments with their nearest branch officials and apply for gold loans. It is available in six languages.

MISSED CALL SERVICE

We launched the 'Missed Call Service' for our customers in August 2015. Through this facility, our customers receive text messages showing their outstanding gold loan and interest due as on date, as soon as they give a missed call on 08040751515. It allows customers to pay the exact amount online, without visiting the branch.

E-MAIL AND SMS ALERTS

We generate real-time cyber receipts and send those to customers through text messages and e-mails. Repayment reminders and transaction details are provided through these mediums to ensure customer comfort and security.

AUTO DEBIT FOR EMI PRODUCTS

We offer National Payments Corporation of India's (NPCI) Automated Debit System to our customers for 'Gold Loan Instalment Scheme' to provide them convenience and flexibility.

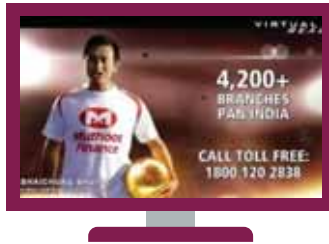

CUSTOMER FOLLOW-UP MODULE

Our Customer Follow-up module, integrated with the core banking system, assures timely follow-up by our branch and field staff. It also ensures on-time repayment of loans, which significantly reduces the amount of non-performing assets (NPA).

Democratising *our brands*

At Muthoot, we are enhancing our consumer outreach through innovative communication strategies that differentiate our products and services in the crowd. With our sharp focus on transforming aspirations into achievements, we have created more customer touchpoints across urban, semi-urban and rural areas.

PRINT ADVERTISEMENT

We published advertisements in leading national and regional dailies across India to promote our brand and products.

RADIO ADVERTISEMENT

We used promotional campaigns in major national radio stations across India for our various products.

TV ADVERTISEMENT

We released television commercials (TVCs) in major TV channels in Hindi-speaking markets (HSMs) and regional markets.

THEATRE ADVERTISEMENT

We released commercial advertisements through digital theatres.

EVENTS AND SPONSORSHIP

We gained increased mileage and visibility for our brand through

presence in various events and sponsorship programmes.

OUTDOOR CAMPAIGNS

We influenced our target customers through various outdoor media advertisements. We increased our visibility in high footfall places, such as bus shelters, hoardings, pole kiosks, gantries, road centre medians, bus stands and police umbrellas. We used these locations to promote our various products and brand through various campaigns.

MARKETING INITIATIVES

Van Marketing

Van marketing is a very effective publicity medium for Tier II and Tier III cities. We organised van campaigns in various urban and rural areas that delivered successful results.

Branch Level Marketing

We bolstered our brand presence and visibility through local activities

for branches. It helped us to further increase awareness through banners, notices, arches, vertical board, and indication board. We also employed auto back stickers, sun pack boards, no parking boards, jeep stepney, step branding, cable TV scrolls, glass branding, ATM branding, wall painting and others.

CUSTOMER ENGAGEMENT INITIATIVES

We organised customer engagement initiatives like pan-India medical check-up camps for 'eyes'.

Upping the information technology prowess

A strong IT framework helps deliver seamless processes, synchronising daily operations. Thus, we are capitalising on our robust IT framework to enhance our efficiencies.

In FY17, we further strengthened our IT systems.

HUMAN RESOURCES MANAGEMENT SYSTEM (HRMS)

We have automated the entire employee life-cycle processes from 'entry to exit' through HRMS, which is accessible online to all branches, offices and employees. Our HRMS is integrated with a biometric-based attendance system. Besides, we have digitalised all employee-related documents and made them available across branches and offices. The improved HRMS will allow us to track employee performances better and enhance our rewards and recognition programmes in future.

INTERNAL AUDIT SOFTWARE

In FY17, we have implemented an internal audit software that will schedule audits and assignments of auditors. The system will help carry out online audit through accessing the system by regional auditors, recording irregularities and non-compliance. The software will further make available effective monitoring and control at branches, regional offices, zonal offices and the head office. Moreover, all branch-based rectifications can be reviewed and approved by auditors online.

INTRANET FOR KNOWLEDGE MANAGEMENT

At Muthoot, we have our intranet service – Muthoot Information Network for Employees (MINE) that provides comprehensive information to employees on their fingertips. MINE is used for internal communication, including distribution of messages and circulars. Moreover, the application contains several multimedia-based

online training modules, which enable employees to effectively upgrade their knowledge and skills.

CUSTOMER FOLLOW-UP MODULE

Our asset recovery solution enables effective and comprehensive customer follow-up and recovery operations. It is tightly integrated with the core banking solution and access is provided to both branch and field staff. The asset recovery solution helps in reducing non-performing assets (NPA) by proactive monitoring of loans.

100+ API INTEGRATIONS

We have established a robust API (Application Programming Interface) integration platform; and amalgamated more than 100 APIs for banking segments, money transfer, insurance providers and other external partners. This helps us carry out multiple transactions simultaneously. Besides, we are driving further API integration for other divisions of the Company.

CRM SYSTEM

In FY17, we began the process for implementation of a functional CRM solution that is rich and highly scalable. The CRM will be fully integrated with the core banking solution (CBS). With the 360-degree view of our customers through the CRM, we can manage customer relations more effectively. Besides, it will help us in cross-selling and upselling various products and services offered by our business divisions in the Group.

CCTV SURVEILLANCE SYSTEM

We have incorporated a robust tracking system through 24x7 CCTV surveillance that allows live streaming of visuals from cameras installed at branches and offices

from regional offices and head offices. With a 360-degree dashboard that provides the data and KPIs of health of surveillance devices, we have designed a robust system that closely monitors working status of surveillance devices. The surveillance system has instant data recording facility and playback options. The system provides a comprehensive solution for complaint management module and strong tracking systems.

Making The Team Future-Ready

At Muthoot, we have an agile team that is committed to the Company's objectives. As an organisation, we foster a work ecosystem that enables our people to perform to the best of their abilities. With a transparent recruitment policy, we attract talent and consistently motivate them through best-in-class training modules, along with rewards and recognition programmes.

We have always been committed towards providing employees with ample opportunities to learn and advance their career. To nurture careers at Muthoot, we focused on four major areas for employee engagement in FY 2016-17.

Training and development: We offer multiple training programmes to employees for their skill development.

The programmes include product or process trainings, soft-skill trainings, leadership trainings and certification trainings for different group of employees.

For the purpose, we have developed two Muthoot Management Academies (South and North). These are apex training institutions of the Muthoot Group, responsible for learning and

development across all business segments. The academies are fully-equipped, professional training facilities that design and deliver top-notch training programmes aimed at enhancing employee productivity. They are focused on improving management and leadership skills. Additionally, the MMAs produce online content for the corporate e-learning platform.

In FY 17 we engaged our people in the following training programmes:

PERFORMANCE MANAGEMENT

We have formulated a 'performance scorecard' for performance assessment of all employees in the branch model. We measure performances of employees every quarter through the pre-defined scorecard; and ensure corrective measures and performance are fine-tuned for future. The use of performance scorecards has helped in improving role clarity and objectiveness to performance assessment. On the basis of individual performance scores, the increments were disbursed. Moreover, we encourage low performing employees through well-defined performance growth programmes.

REWARDS AND RECOGNITION

We introduced new means of payouts and increased the payout percentage for existing incentives based on performance of employees. In FY17, an ex-gratia payment along with festival bonus, which was almost equal to employees' one month pay, were paid to employees at each grade. Moreover, we increased the incentives for Gold Loan Portfolio and interest collection. In addition, we reward employees with foreign trips to exquisite locations based on their achievements.

PROMOTIONS

We have a robust mechanism for identifying performers, take all steps to promote eligible employees to the next level.

2. DIVIDEND

The Company has during the year 2016-17 paid an interim dividend of ₹ 6/- per equity share (60% of face value).

The dividend payout amount including the dividend distribution tax will be ₹ 288 crs representing 24.45% of profit after tax for the year.

Directors of your Company decided to plough back the remaining profit after tax for business activities and hence have not recommended any final dividend.

Directors of your Company has approved a Dividend Distribution Policy as per Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Details of the policy is available on the website of the Company at www.muthootfinance.com/policy/policy-investor and is attached to this report as Annexure 1.

The list of unpaid dividend is available on the Company's website www.muthootfinance.com. Shareholders are requested to check the said list and if any dividend due to them is remaining unpaid in the said list, then shareholders can approach the Company or Registrar and Transfer Agent of the Company for release of unpaid dividend.

As per Section 124(5) of the Companies Act, 2013, the Company shall transfer the dividend that remained unclaimed for a period of seven years from the date of transfer to unpaid dividend account to the Investor Education and Protection fund (IEPF). Further as per Section 124(6) of the Companies Act, 2013, the Company shall transfer all shares in respect of which the unclaimed dividend has been transferred to IEPF. No claim will lie on Company on account of dividend after the dividend is transferred to IEPF.

3. TRANSFER TO RESERVES

Your Board of Directors has transferred an amount of ₹ 236 Crores to the Statutory Reserve maintained under Section 451C of the RBI Act, 1934. An amount of ₹ 482 Crores has been transferred to Debenture Redemption Reserve. Post transfer of profits to reserves and distribution of dividend, your Board proposes to retain ₹ 1,056 Crores in the Profit and Loss Account.

4. ECONOMIC SCENARIO

The Indian economy has weathered many challenges successfully in recent times. Two important domestic policy developments in India: a constitutional amendment making way for the Goods and Service Tax (GST) and withdrawal of the highest denomination notes (₹ 500 and ₹ 1000) which intends to curb black money and running of a parallel economy.

Demonetisation is also very unusual in its monetary consequences. It has reduced sharply, the supply of one type of money—cash—while increasing almost to the same extent another type of money—demand deposits. This also helped in increasing transactions through digital money.

With a slow start in 2016, the economic momentum recovered towards the middle of the year. While this growth momentum was temporarily impacted with demonetization, the Indian economy appears to be recovering fast and will continue as one of the fastest growing nations. Fixed investment rate in the economy has consistently declined in the past few years, more so the private investment. Raising the growth rate of the economy will to a great extent depend on quickly reversing this downward trend in the investment. The economy is expected to grow by 7.7 per cent in the current year.

The Goods and Services Tax (GST) - constitution amendment bill, passed by the government, effective from July 1st, 2017 showed a significant impact on the taxation structure in the country. The GST will create a common Indian market, improve tax compliance and governance, and boost investment and growth; it is also a bold new experiment in the governance of India's cooperative federalism. What will be critical is the efficiency in relation to its implementation. Your

Company believes that in the medium run it will lead to more digitalization and will help in effective governance.

5. COMPANY'S PERFORMANCE

During the Financial Year, Company saw 46% increase in its profitability with a net profit of ₹ 1,180 Crores for the year ended March 31, 2017 as compared to ₹ 810 Crores for the year ended March 31, 2016. Profit before tax increased by 46% to ₹1,921 Crores. Total Income has increased from ₹ 4,875 Crores for the year ended March 31, 2016 to ₹ 5,747 Crores for the year ended March 31, 2017 which is mainly due to increase in Interest Income of the Company. Interest income of the Company increased to ₹ 4,655 Crores from previous year's interest income of ₹ 4,813 Crores. Loan Portfolio of the Company increased by ₹ 2,899 Crores during the year reaching ₹ 27,278 crores as on March 31, 2017 as against ₹ 24,379 Crores as on March 31, 2016. The Return on Average Loan Assets increased to 4.47% in FY 2016-17 as compared to 3.32% in FY 2015-16. The cost of funds declined to 8.69% compared to 9.25% in fiscal 2015-16. Interest yield increased to 21.43% as compared to 19.72% in FY 2015-16. On account of the above, the Net Interest Margin improved to 12.74% as against 10.47% in FY 2015-16. The Company remitted to exchequer ₹ 804 crores as taxes.

6. RESOURCE MOBILIZATION

(a) Non-Convertible Debentures:

Your Company successfully completed 15th and 16th Issue of Non-Convertible Debentures through Public Issue during FY 2016-17 raising ₹ 1,832 Crores.

22 Description of the method and significant assumptions used to estimate fair value: -

The Securities Exchange Board of India (SEBI) has prescribed two methods to account for employee stock options; (1) the intrinsic value method; (2) the fair value method. The company adopts the intrinsic value method to account for the stock options it grants to the employees. Intrinsic value is the amount, by which the quoted closing market price of the underlying shares as on the date of grant exceeds the exercise price of the option. The fair value of the option is estimated on the date of grant using Black Scholes options pricing model with following assumptions:-

We service about 1.30 lakh customers per day. This supports social well being as well as business activities.

e-KYC - To facilitate easier compliance to KYC norms by customers, we launched 'e-KYC facility'. It is a customer-friendly and convenient digital KYC process based on Aadhaar with direct UIDAI link. The verification procedure is conducted by using customers' fingerprints. This paperless and highly secure system enables faster loan processing and ensures 100% integrity in KYC verification. We are the first 'Gold Loan NBFC' to introduce this facility, with over 50% adoption rate in the first roll out. Today, we offer our e-KYC facility in 3,702 branches and 86% of the new verifications are completed through e-KYC. Besides, we are planning to implement the e-Sign facility by August 2017.

iMuthoot- Mobile App - We developed a new mobile application called iMuthoot that allows customers to transact through their smartphones. This is our major initiative towards building a branch-less banking ecosystem for our customers. The app is available on Google Play and Apple Store. iMuthoot allows existing customers to view their loan statements and balance as well as Online Gold Loan facility. New customers can see our latest loan schemes, calculate loan eligibility, locate branches and fix appointments with their nearest branch officials and apply for gold loans. It is available in six languages.

Management Discussion and Analysis

GLOBAL ECONOMY

The world economic growth rate remained subdued at 3.1% in 2016 characterized by an imminent productivity growth crisis. This was largely due to weak international trade and subdued investment coupled with socio-political turbulences in the world markets during the first half of the year. Brexit, China's slowdown, low oil prices and overall economic weakness in Japan, the US and Europe were primarily responsible for slow economic growth.

Besides, the recovery of global economy was weighed down by spillover effects of Brexit and uncertain trade policies of the new White House regime; both of which led to unpredictable policies cautioning investors. The private investments were further dampened due to the shrink in the US Federal Reserve purse.

Advanced economies like US, UK, Europe, Japan and others envision a stronger rebound. Post the US election, dollar strengthening and higher US treasury interest rates have led to significant gains in equity markets in advanced economies. The growth rate of these economies is anticipated to rise from an estimated 1.7 percent in 2016 to 2.0 percent in 2017 and 2.0 percent in 2018. However, weak productivity growth and high-income inequality are persisting problems that needs to be exterminated.

As per IMF, the emerging market and developed economies (EMDEs) have shown moderate economic performance. Receding obstacles to activity in commodity exporters and growing domestic demand in commodity importers, EMDEs are expected to pick up growth in 2017. The emerging markets are expecting a mounting growth rate of 4.1 percent in 2016 to 4.5 percent in 2017 and 4.8 percent in 2018. However, weak investment and low productivity growth are hurdles for the medium-term prospects across many EMDEs.

INDIAN ECONOMY

India continues to be one of the fastest growing major economies in the world, reporting a robust GDP growth of 7.2% in FY 2016-17. The domestic economy has sustained a macroeconomic environment of relatively lower inflation, fiscal discipline and a moderate current account deficit coupled with a broadly stable rupee dollar exchange rate.

In Q3 of 2016-17, the Government of India announced withdrawal of the country's two highest value notes.

The strategy was aimed towards restricting corruption, counterfeiting, terrorist activities and accumulation of black money. Eventually 'demonetisation' is likely to have an encouraging influence in the future with improved tax obedience, digitalisation and formal channelisation of the savings system.

The Goods and Services Tax (GST) bill has come into effect in July 2017. GST is expected to bolster the economy with a simplified indirect tax system, and more competitive and transparent markets. Moreover, it will consolidate the fragmented Indian market under uniform taxation, widening the tax net. GST is expected to contribute significantly to India's GDP growth, going forward.

India's GDP is likely to reach 7.4% in FY 2017-18, as a result of rebound in consumption demand, which had slackened post demonetisation. A normal monsoon is expected to strengthen agricultural incomes stimulating rural consumption. Likewise, softer interest rates driven by RBI will encourage overall demand in the market. These are expected

Annexure- 9

to culminate into a benign inflation supported by on-going remonetisation and past policy reforms.

GOVERNMENT INITIATIVES

(Source: PwC Union budget Publication 2017-18)

The Government initiatives as outlined in the Union Budget 2016-17 were directed towards building greater transparency and bringing corrective actions for various sectors, some of which are as below:

- The liberalisation in the foreign direct investment (FDI) policy, resulted in almost 90% of proposals falling under the automatic route. The FDI inflows were positively impacted as it increased from \$350 billion to \$361 billion over 2015-16.
- The limit of loans that the government guarantees to micro, small and medium enterprises was doubled to ₹2 crore. In addition, the cash credit limit to these businesses was raised from 20% to 25%. As for senior citizens, a minimum of 8% interest will be paid to them on deposits of up to ₹7.5 lakh made for 10 years.
- Listing and trading of Security Receipts issued by a securitization company or a reconstruction company will be permitted on stock exchanges registered under the Security Exchange Board of India (SEBI). This will enhance capital flows into the securitisation industry and effectively deal with bank's non-performing assets.
- Non-banking finance companies (NBFCs) above a certain net worth will be categorised as qualified institutional buyers (QIBs) by SEBI. This will help strengthen and channelise investments for the initial public offering (IPO) market.

NBFCs IN INDIA

The NBFC sector in India is considered to be one of the systemically important components of the financial system. It has shown consistent year-on-year growth despite undergoing several transformations. NBFCs contribution to the economy has grown considerably and can be clearly attributed to their

better product lines, lower cost, wider and effective reach, strong risk management capabilities, control on bad debts, and better understanding of their customer segment.

NBFCs are now able to fill the service gap of traditional banks and cater to the credit demands of an evolving India. They have surpassed their traditional strongholds of passenger and commercial vehicle finance to build substantial assets under management (AUM) in the personal loan and housing finance segment. Their credit is expected to grow at a healthy rate of 7-10% (real growth rate) over the next five years due to improving macroeconomic conditions, higher credit penetration, increasing consumption and disruptive digital trends.

Figure 1 : Credit Growth at NBFCs as a % of total credit

Way forward

- The launch of government-backed schemes (such as the Pradhan Mantri Jan-Dhan Yojana [PMJDY]), will see a substantial increase in the number of bank accounts
- Focused approach of industry bodies such as the National Payments Corporation of India (NCPI) will further boost the payments ecosystem by launching the Unified Payment Interface (UPI) and Bharat Bill Payments System
- Higher disposable incomes corroborated by increased effectiveness of government schemes and the 7th Pay Commission will deliver high growth for the consumer finance segment

- Due to increased digital consumption, NBFCs will find emerging ways to serve customers through creative digital platforms

GOLD GOLD DEMAND IN INDIA

Gold is popular in Indian households due to its cultural and investment utilities. People in India make investment in gold in expectation of high returns and other considerations such as adornment, consumption and liquidity. Weddings being a key occasion for buying gold in India, the demand for gold are favourable. Bars and coins are also considered a safe investment and though jewellery is the preferred savings vehicle. Also, it is observed that income levels are the most significant long-term determinants of consumer gold demand.

Valued at over USD 800bn, India's gold stocks are around 24,000 tonnes. Southern India has the highest market share for gold demand of 40%, Western India at 25% and Northern and Eastern India have 20% and 15% of the market share respectively. India's gold industry is becoming more organized as retailers with large regional and national chains are gaining market share. These firms with refined inventory management, well-designed advertising campaigns will be important in meeting modern consumers' demands. Over the long-run, economic growth is considered to be the main driver of India's gold demand. (World Gold Council: Press release)

GOLD LOAN SECTOR

The first two quarters of FY17 brought optimism to the sector, as Specialised Gold Loan NBFCs registered a growth of 11-13% during this period. The total gold loan portfolio of NBFCs is estimated to have crossed ₹ 55,000 crore as on quarter ending September 2016, up from ₹ 49,700 crore as on year ending March 2016. The repercussions of demonetisation brought a jolting effect to the sector and suffered volume de-growth during the third quarter of FY17. However, the market is recovering and is expected to achieve a 7-10% growth on an annualized basis.

The southern states of Tamil Nadu, Kerala, Andhra Pradesh, and Telangana and Karnataka have been the traditional hub of gold and gold lending market in India. With the improving economy, other states such as Maharashtra, Uttar Pradesh, Gujarat, Rajasthan, West Bengal and Madhya Pradesh are emerging as large markets in terms of gold holdings.

Declining interest rates and introduction of beneficial schemes for the customers will act as a catalyst to the growing demand in gold loan sector. NBFCs in gold loan market

STRENGTHS CORE FOCUS

The primary focus of the gold loan NBFCs is to provide gold loans. Thus, NBFCs can concentrate largely on enhancing customer experience through better and faster customer service. A higher focus on one product allows proper structuring of the offerings and adopts faster corrective measures to meet the changing behavioural needs of the customer.

BRANCH NETWORK

Branches play a significant role in building an institution's brand image. A wide network of branches enables NBFCs to work closely with the customers. Customers prefer service providers based on location and easy access to branches. This expansion strategy by NBFCs led to significant customer addition.

FASTER TURNAROUND TIME

Customer loyalty can be achieved through providing superior service to the customers. It is important in this industry to maintain strong relationships with the customers. Gold loans also enjoy an advantage of having a quick-turnaround time at NBFCs.

TRANSPARENT AND STANDARD OPERATING PRACTICES

NBFCs focus on providing enhanced customer comfort. They achieve this by offering transparent transactions, capturing all the terms clearly in the loan document and operating with standard operating procedures.

FLEXIBLE REPAYMENT OPTION

Customers get a trouble-free loan period where he is not troubled for any payment of equated monthly installment rather would be allowed to make payment of interest and principal on closure of the loan.

RESOURCES AVAILABILITY

NBFCs have access to organised credit and hence do not face any constraint. The unorganised sector operates on proprietary funds, which limits its ability to lend and on better terms.

Annexure- 9

HASSLE FREE DOCUMENTATION

Since security is gold ornament which is a movable asset, documentation process is easier unlike avilment of a loan from financial institutions/banks on the security of land/building which is a cumbersome process.

CUSTOMER VALUE

Customers expect to pay an appropriate price for the services they receive, not necessarily the lowest. The quality of services rendered determines the loyalty of customers to the service provider. NBFCs abide by this philosophy and have been offering loans at rates of interest lower than the unorganised segment for maximum retention of its customers.

LOW-COST STRUCTURE

NBFCs have built minimum investment network corresponding to the potential of business in which it operates. Employees are sourced locally and are trained to deliver performance keeping the operating cost low. This has enabled NBFCs to reach the break-even level faster and contribute to the bottom line. This also provides downside protection in terms of closing down the operation in case desired level of business is not achieved.

POTENTIAL FOR THE GOLD LOAN INDUSTRY

Unexploited market

An average gold holding per household is indicative of market attractiveness in terms of potential ticket size and propensity to borrow against gold. Higher gold holdings are indicative of higher investment demand, prosperity and availability of sizeable gold holdings to borrow against. Earlier, people used to deal with the unorganised sector. But now, they are becoming more safety conscious and aware. To tap this opportunity, aggressive network expansion by NBFCs on a pan-India basis, enabled the product to reach the masses and thereby widened the customer base. NBFCs having core focus invested in infrastructure thereby building service quality. Customers found comfort and confidence in their transparent practices and started shifting their loyalties from the unorganised sector to the organised sector. Further, the industry is expanding its presence in the untapped non-south geographies of India.

DIVERSIFICATION OF BUSINESS

To manage the risk of concentration, specialised gold loan NBFCs are expanding in other business segments. Leading financiers are venturing into multiple financial services such as insurance, foreign exchange, money transfer, PAN card

services, travel services and ATM services, SME finance, housing finance, working capital loans among others.

INDUSTRY THREATS

Competition

Banks which have significant advantage in terms of cost of funds can impose threat to gold loan to the NBFCs by offering it lower interest rates. Further, the unorganised sector, for which no data is available on its market size, can remain catering to their niche customers.

Fall in collateral value

Though several risk management mechanism is in place to meet the eventualities of fall in collateral value i.e. fall in gold price, a steep decline in value and it remaining at those levels and simultaneously borrowers losing sentimental attachment towards the collateral, can pose a threat to the business.

Adverse regulatory changes

Despite adequate regulations framed for regulating the sector, any future developments necessitating framing of additional regulatory framework, can adversely affect the growth and sustainability of this sector.

Alternative loan products

Growth of this sector is primarily based on availability of gold jewellery with the borrowers and his willingness to pledge. Popularisation and availability of other loan products like personal loan, loan against property and home loan, among others can reduce the demand for gold loan.

Industry outlook

The future prospects of the gold loan industry looks promising and the credit demand is expected to rise. The gold loan market is projected to grow between 13-15% over the next three years from FY17-20 and reach a market size of ₹ 2,100-2,250 billion by FY20. A consistent regulatory regime for specialised gold loan NBFCs, a reduced but sustained focus of commercial banks in the sector, successful geographical expansion of gold loans market to non-south geographies, and attractive risk-adjusted returns on gold loans are opportunistic factors for the future growth of the industry. Going forward, we expect the market share of gold loan NBFCs to increase steadily for the next two years.

Muthoot Finance Limited

Muthoot Finance Limited is the flagship Company of the Muthoot Group, which has pioneered the concept of gold banking in the country. We are a 'Systematically Important

RISK MANAGEMENT

During the course of the business, we are exposed to various risks. The objective of risk management systems is to measure and monitor the various risks that we are subjected to and implement policies and procedures to address these. We continue to improve our operating processes and risk management systems that will further enhance our ability to manage these risks.

1. Operational risk

The risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events is broadly defined as operational risk. We have started installing offsite surveillance cameras in our branches, and intend to implement this across the branch network. We have installed centralised monitoring and surveillance cameras in almost all branches across India. We have instituted a series of checks and balances, including an operating manual, and both internal and external audit reviews. Although, the disbursements of loans are very quick, a well-defined appraisal method as well as KYC compliance procedure exists to mitigate the risk involved in the business. Furthermore, we train existing and new employees in appraisal skills, customer relations, communication skills and risk management procedures. We also periodically update its employees with the latest developments to mitigate risks against frauds, cheating and unauthentic gold and strengthen their gold assessment skills. Internal audit department and centralised monitoring systems assist in the overall management of operational risk.

2. Collateral risk

The fluctuation in gold prices resulting in downward gold price gives birth to collateral risk. This risk is in part alleviated by retention of at least 25% margin on the value of jewellery for the purpose of calculation of the loan amount. Further, risk is reduced because the price of gold jewellery is higher given that the production costs, design cost and the gemstones associated with making the item is not considered for arriving at the value of jewellery for the calculation of the loan amount. We appraise the jewellery collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewellery. In addition, the sentimental value of gold jewellery to the customers may induce repayment and redemption of the collateral even if the value of the collateral falls below the repayment amount.

3. Credit risk

Failure of any counterparty to abide by the terms and conditions of any financial contract with us gives rise to credit risk. We aim to reduce credit risk through a rigorous loan approval and collateral appraisal process, as

Annexure- 9

well as a strong NPA monitoring and collection strategy. This risk is diminished because the gold jewellery used as collateral for loans can be readily liquidated, and there is only a remote possibility of recovering less than the amount due because of adequate collateral being available.

4. Market risk

Market risk refers to potential losses arising from the movement in market values of interest rates in our business. The objective of market risk management is to avoid excessive exposure to the volatility inherent in financial instruments. Our majority borrowings, and all the loans and advances are at fixed rates of interest. This minimises our interest rate risk.

5. Liquidity risk

Liquidity risk is the risk of being unable to raise funds from the market at optimal costs to meet operational and debt servicing requirements. The purpose of liquidity management is to ensure sufficient cash flow to meet all financial commitments and to capitalise on opportunities for business expansion. An Asset and Liabilities Committee ("ALCO") meeting is held regularly to review the liquidity position based on future cash flow. In addition, we also track the potential impact of prepayment of loans at a realistic estimate of its near to medium-term liquidity position. The nature of our business is such that source of funds, primarily proceeds from issue of debentures and bank loan, has longer maturities than the loans and advances given resulting in low liquidity risk in its operations.

6. Business cycle risk

Business cycle risk is the risk associated with the seasonal or cyclical nature of a business. As customers include both individuals and businesses, loan products

are used by customers in various industries, resulting in trade cycles having limited impact on our business. Furthermore, the geographic spread of branches will allow us to mitigate the cyclical pressures in the economic growth of different regions

ADEQUACY OF INTERNAL SYSTEMS

Our internal control procedures are commensurate with the size and nature of our business. These controls ensure optimum use and protection of the resources and compliance with the policies, procedures and statutes. The internal control systems provide for well-defined policies, guidelines authorisations and approval procedures. The operation and monitoring of internal control systems is entrusted to employees who possess the necessary skills, technical knowledge, understanding of the Company, industry and markets in which it operates. We ensure that the recorded data is reliable to prepare financial information and maintain accountability of assets.

CAUTIONARY STATEMENTS

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. Important developments that could affect the Company's operations include a downtrend in the financial services industry —global or domestic or both, significant changes in the political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, interest and other factors. Actual results might differ substantially or materially from those expressed or implied.

This report should be read in conjunction with the financial statements included herein and the notes thereto.

Independent Auditors' Report

TO THE MEMBERS OF MUTHOOT FINANCE LIMITED

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of **Muthoot Finance Limited, Registered and Corporate Office: Muthoot Chambers, Opposite Saritha Theatre Complex, 2nd Floor, Banerji Road, Kochi 682 018, India**, ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of these standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into

account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its profit and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Muthoot Finance Limited, Registered and Corporate Office: Muthoot Chambers, Opposite Saritha Theatre Complex, 2nd Floor, Banerji Road, Kochi 682 018, India**, ('the Company') as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes on Accounts

for the year ended 31st March, 2017

All eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the Company contribute monthly at a stipulated percentage of the covered employees salary. Contributions are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates and are charged to Statement of Profit & Loss at actuals. The company has no liability for future provident fund benefits other than its annual contribution.

b) Defined Benefit Plan

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Company. The Company accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Company makes annual contribution to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Old Mutual Life Insurance Limited and ICICI Prudential Life Insurance Company Limited. The Company recognizes the net obligation of the gratuity plan in the Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard 15, 'Employee Benefits'. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss in the period in which they arise.

c) Employee share based payments

Stock options granted to the employees under the stock option scheme established are accounted as per the accounting treatment prescribed by the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 / SEBI (Share Based Employee Benefits) Regulations, 2014 issued by Securities Exchange Board of India. The Company follows the intrinsic value method of accounting for the options and accordingly, the excess of market value of the stock options as on the date of grant over the exercise price of the options, if any, is recognized as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

2.5 Fixed Assets

Fixed assets are stated at historical cost less accumulated depreciation. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

11. DEFERRED TAX ASSET / (LIABILITY)

As per the requirement of the Accounting Standard 22, the Company has created a deferred tax asset provision, which consist of the following :-

Particulars	Deferred Tax Asset/(Liability)		
	At the beginning of the Period	Credits/(Charge) during the period	At the close of the period
Deferred Tax Asset:			
Timing Difference on account of :			
Depreciation and Amortization	173,436,638.26	40,498,889.00	213,935,527.26

Independent Auditors' Report

TO THE MEMBERS OF MUTHOOT FINANCE LIMITED

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of **Muthoot Finance Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that operate effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error; which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors read along with sub paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles

generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2017, and their consolidated profit and their consolidated cash flows for the year ended on that date.

OTHER MATTERS

- a) We did not audit the financial statements of Asia Asset Finance PLC, Muthoot Insurance Brokers Private Limited and Belstar Investment and Finance Private Limited (subsidiaries), whose financial statements reflect total assets of ₹ 121,625.09 Lakhs as at March 31, 2017, total revenues of ₹ 17,109.03 Lakhs and net cash inflow amounting to ₹ 4,131.10 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors.
- b) Financial statements of Muthoot Homefin (India) Limited (a subsidiary) which reflect total assets of ₹ 45,058.39 lakhs as at March 31, 2017, total revenues of ₹ 2,416.53 lakhs and net cash inflow amounting to ₹ 106.31 lakhs for the year then ended, as considered in the consolidated financial statements, have been audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to the preparation of the consolidated financial statements have been kept by the Holding Company so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the Directors of the Holding Company as on March 31, 2017, taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its Group Companies, incorporated in India, none of the Directors of the aforesaid Companies incorporated in India are disqualified as on March 31, 2017 from being appointed as a Director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A' to this report.
- g) With respect to the other matters to be included in the Independent Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, (as amended) in our opinion and to the best of our information and according to the explanations given to us:
- i. The Group has disclosed the impact of pending litigations on its consolidated financial position in its consolidated financial statements- Refer Note 28 to the consolidated financial statements;
 - ii. The Group has made provision in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies incorporated in India.

- iv. The Holding Company has provided requisite disclosures in its standalone financial statements as to holdings as well as dealings in Specified Bank Notes as defined in the Notification S.O. 3407 (E) dated the 8th of November, 2016 of the Ministry of Finance, during the period from 8th November, 2016 to 30th December, 2016 of the Group entities, as applicable and these are in accordance with the books of account maintained by the Holding Company and by those entities for the preparation of consolidated financial statements

and as produced to us and the other auditors by the management of the respective Group entities. Refer Note 38 to the consolidated financial statements.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Muthoot Finance Limited**, (hereinafter referred to as "the Holding Company") and its subsidiary companies incorporated in India as of March 31, 2017 in conjunction with our audit of the consolidated financial statements of Muthoot Finance Limited as of and for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company and its subsidiary companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate

internal financial controls that operate effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that

we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in Other Matters paragraph, the Holding Company and its subsidiary companies incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary companies incorporated in India, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

OTHER MATTERS

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial control over financial reporting insofar as it relates to two subsidiary companies incorporated in India, is based on the corresponding reports of the auditors of such companies.

(ii) PRINCIPLES OF CONSOLIDATION

The consolidated financial statements have been prepared on the following basis:-

- (a) The financial statement of the subsidiary companies used in the consolidation are drawn upto the same reporting date as that of the Company i.e., Year ended 31st March, 2017.
- (b) The financial statements of the Company and its subsidiaries have been consolidated in accordance with the principles and procedures for the preparation and presentation of consolidated financial statements as laid down under Accounting Standard – 21 ‘Consolidated Financial Statements’, on a line-by-line basis by adding together the like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra group transactions and resulting unrealized profits/ losses, unless cost cannot be recovered.
- (c) Consolidated financial statements are prepared using uniform accounting policies except as stated in (iv), (vi), (viii), (x), (xv) of this Schedule, the adjustments arising out of the same are not considered material.
- (d) Minority Interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investment. Net profit / loss for the year of the subsidiaries attributable to minority interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company. Minority Interest's share of net assets of subsidiaries is

identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.

- (e) The excess of cost to the Company of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Company, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the consolidated financial statements.
- (f) Goodwill arising on consolidation is not amortised but tested for impairment.
- (g) In respect of the foreign subsidiary, its financial statements are converted into Indian currency as per accounting standard (AS 11) "The effect of changes in Foreign Exchange Rates".

(iii) USE OF ESTIMATES

The preparation of the financial statements requires use of estimates and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of income and expenses during the reporting period and disclosure of contingent liabilities as at that date. The estimates and assumptions used in these financial statements are based upon the management evaluation of the relevant facts and circumstances as of the date of the financial statements. Management believes that these estimates and assumptions used are prudent and reasonable. Future results may vary from these estimates. Any revision to accounting estimates is recognized in current and future periods.

Notes on Accounts

for the year ended 31st March, 2017

(iv) REVENUE RECOGNITION

Revenues are recognized and expenses are accounted on accrual basis with necessary provisions for all known liabilities and losses. Revenue is recognized to the extent it is realizable wherever there is uncertainty in the ultimate collection. Income from Non-Performing Assets is recognized only when it is realized. Income and expense under bilateral assignment of receivables accrue over the life of the related receivables assigned. Interest income and expenses on bilateral assignment of receivables are accounted on gross basis. Interest income on deposits is recognized on time proportionate basis.

In respect of its subsidiary AAF, for all financial instruments interest income or expense is recorded using Effective Interest Rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability. The calculation takes into account all contractual terms of the financial instrument and includes any fees or incremental costs that are directly attributable to the instrument and are an integral part of the EIR, but not future impairment loss. The carrying amount of the financial asset or liability is adjusted if the subsidiary revises its estimates of payments or receipts. The adjusted carrying amount is calculated based on the original EIR and the change in carrying amount is recorded as "Interest Income" for financial assets and "Interest Expense" for financial liabilities.

In respect of its subsidiary, MHIL, interest on standard assets is recognised on accrual basis and on non-performing assets on realisation basis as per the guidelines prescribed by the National Housing Bank. Processing fees and documentation charges are recognised on disbursement of loans.

In respect of its subsidiary, BIFPL, Interest charges on loans given to borrowers are recognized on reducing balance method. Profit on securitization of loan portfolio through bankruptcy remote Special Purpose Vehicle (SPV) is recognized over the residual life of

the securitization transaction. Profit on sale of loan assets through direct assignment, without any recourse obligation or otherwise is recognised over the residual life of the loan. In respect of loans that have become Non Performing Asset, interest is recognised only to the extent collected.

In respect of its subsidiary, MIBPL, Revenue is recognized and expenses are accounted on accrual basis with necessary provision for all known liabilities and losses.

(v) EMPLOYEE BENEFITS

Short Term Employee Benefits:-

Short Term Employee Benefits for services rendered by employees are recognized during the period when the services are rendered.

Post employment benefits:-

a) Defined Contribution Plan

Provident Fund

All eligible employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the group contribute monthly at a stipulated percentage of the covered employees salary. Contributions are charged to Statement of Profit & Loss at actuals. The Group has no liability for future provident fund benefits other than its stipulated contribution during the year. Contributions of the Company are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates. In respect of its subsidiary AAF, Contributions to the extent of 12% and 3% of gross emoluments of employees are made to Employees Provident Fund and Employees Trust Fund respectively.

Notes on Accounts

for the year ended 31st March, 2017

b) Defined Benefit Plan

Gratuity

The group provides for gratuity covering eligible employees under which a lumpsum payment is made to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the group. The group accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The group recognizes the net obligation of the gratuity plan in the Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard 15, 'Employee Benefits'. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss in the period in which they arise. The Holding Company makes annual contribution to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Old Mutual Life Insurance Limited and ICICI Prudential Life Insurance Company Limited. In respect of its subsidiary BIFPL, contribution to gratuity fund is made through Life Insurance Corporation of India group gratuity fund. In respect of the other subsidiaries gratuity liability is not funded.

c) Employee share based payments

Stock options granted to the employees of the Company under the stock option scheme established are accounted as per the accounting treatment prescribed by the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 / SEBI (Share Based Employee Benefits) Regulations, 2014 issued by Securities Exchange Board of

India. The Company follows the intrinsic value method of accounting for the options and accordingly, the excess of market value of the stock options as on the date of grant over the exercise price of the options, if any, is recognized as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

(vi) FIXED ASSETS

Fixed assets are stated at historical cost less accumulated depreciation. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

In respect of the Company and its subsidiaries- MHIL and MIBPL, depreciation is charged at the rates derived based on the useful lives of the assets as specified in Schedule II of the Companies Act, 2013 on Written Down Value method. In respect of BIFPL depreciation is charged using Straight Line method over the estimated useful life of each asset as determined by the management. The useful life estimates specified in Schedule II of the Companies Act, 2013 are generally adhered to except in respect of asset classes where, based on technical evaluation, a different estimate of useful life is considered suitable. All fixed assets costing individually upto ₹5,000/- are fully depreciated by the Company and its subsidiaries incorporated in India in the year of its capitalisation.

In respect of its foreign subsidiary- AAF, the estimated useful life is arrived at based on management's estimate of the period for which it intends to derive future economic benefits from the use of the asset. The assets are depreciated on Straight Line Method on the estimated useful lives so arrived at.

Notes on Accounts

for the year ended 31st March, 2017

(vii) FOREIGN EXCHANGE TRANSACTIONS

Foreign currency transactions are recorded, on initial recognition, by applying to the foreign currency amount the exchange rate at the date of the transaction. Foreign currency monetary assets and liabilities are reported using the exchange rate as on the Balance Sheet date. Non-monetary items, which are carried in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction. Exchange differences arising on the settlement of monetary items are recognized as income or as expenses in the period in which they arise.

(viii) INTANGIBLE ASSETS

Intangible Assets are amortized over their expected useful life. It is stated at cost, net of amortization. The Company amortizes Computer Software over a period of five years on straight line method. In respect of its subsidiary AAF, Computer Software is amortized over a period of eight years on straight line method.

(ix) TAXES ON INCOME

Income Tax expenses comprises of current tax and deferred tax (asset or liability). Current tax is the amount of tax payable on the taxable income for the year determined in accordance with the relevant Income Tax statutes. Deferred tax is recognized, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognised if there is virtual certainty that sufficient future taxable income will be available to realise the same. Deferred tax assets are reviewed for the appropriateness of their respective carrying values

at each reporting date. Deferred tax assets and deferred tax liabilities are offset wherever the company has a legally enforceable right to set off current tax assets against current tax liabilities and where the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority.

(x) INVESTMENTS

Investments intended to be held for not more than one year are classified as current investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Non-Current investments are carried at cost. However, provision for diminution in value is made to recognize a decline, other than temporary, in the value of the investments.

The Group, in respect of the foreign subsidiary, has considered Financial Assets-Held for Trading, Investments in Repurchase agreements against treasury bills and bonds and Investments in Debentures and Fixed Deposits as current investments. Financial Assets under available for sale category is treated under non-current investments. Financial assets held for trading are recorded in the Balance Sheet at fair value. Investments in Repurchase agreements against treasury bills and bonds and Investments in Debentures and Fixed Deposits are measured at amortized cost using Effective Interest Rate less provision for impairment. After initial measurement, available-for-sale financial investments are subsequently measured at fair value with unrealised gains or losses recognised as other comprehensive income in the available-for-sale reserve until the investment is derecognised, after which, the cumulative gain or loss is recognised in the statement of comprehensive income in finance costs and removed from the available-for-sale reserve.

Notes on Accounts

for the year ended 31st March, 2017

(xi) IMPAIRMENT OF ASSETS

The carrying amounts of assets are reviewed at each balance sheet date to ascertain impairment based on internal / external factors. An impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of the net selling price of the assets or their value in use. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

(xii) CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise of cash at bank, cash in hand and bank deposits having maturity of 3 months or less.

(xiii) PROVISIONS, CONTINGENT LIABILITIES & CONTINGENT ASSETS

Provisions are recognized only when the Group has present, legal, or constructive obligations as a result of past events, for which it is probable that an outflow of economic benefit will be required to settle the transaction and a reliable estimate can be made for the amount of the obligation.

Contingent liability is disclosed for (i) possible obligations which will be confirmed only by future events not wholly within the control of the Group or (ii) present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

(xiv) DEBENTURE REDEMPTION RESERVE

In terms of Section 71 of the Companies Act, 2013 read with Rule 18 (7) of Companies (Share Capital and Debentures) Rules 2014, the Company has created Debenture Redemption Reserve in respect of Secured Redeemable Non-Convertible Debentures and Unsecured Redeemable Non-Convertible Debentures issued through public issue as per SEBI (Issue and Listing of Debt Securities) Regulations, 2008. No Debenture Redemption Reserve is to be created for privately placed debentures of Non-Banking Finance Companies. Other subsidiary companies except BIFPL have no outstanding amount of debentures.

(xv) PROVISION FOR STANDARD ASSETS AND NON PERFORMING ASSETS

Company makes provision for standard assets and non performing assets as per Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016. Provision for standard assets in excess of the prudential norms, as estimated by the management, is categorised under Provision for Standard Assets, as General provisions and/or as Gold Price Fluctuation Risk provisions.

In respect of its Subsidiary AAF, financial assets carried at amortized cost such as lease, hire purchase and loans and advances are assessed for objective evidence of impairment as individually significant or collectively, if not individually significant, as on the date of Balance Sheet. If impairment loss has been incurred, the amount of loss is measured as the difference between the assets carrying amount and the present value of estimated future cash flows and is recognised as Provision for Impairment through Statement of Profit and Loss.

Notes on Accounts
